A MESSAGE FROM THE PREMIER

On behalf of all Manitobans, I am honoured to convey my greetings to those celebrating the Centennial of the Sea Cadet program in Canada.

For a century, the Royal Canadian Sea Cadet program has fostered the development of leadership skills, good citizenship and physical fitness among Canada's young people. The results speak for themselves. Not only have generations of Sea Cadet alumni assumed positions of leadership within the Royal Canadian Navy, they have become leaders in communities throughout Canada, contributing to the growth and vitality of our nation.

I join my fellow Manitobans in congratulating past and present Sea Cadets on this important anniversary, in thanking them for their service to our nation, and in wishing them the very best in the future.

A handwritten signature in blue ink that reads "Brian Pallister".

The Honourable Brian Pallister
